**The METALSTAR PO ensures exceptional output, improved quality, increased speeds and low operating costs.**

State-of-the-art electronics not only allow full machine functionality but also enable a total transparent

printing process to be integrated into a business operating system. Repeatability and reliability in print -

guaranteed with this next generation of the METALSTAR PO metal printing press.

**The METALSTAR PO's main characteristics:**

- Continuous grip technology
- High speed feeder specially designed for metal printing
- Dynamic sheet control system at the infeed
- Automatic change of printing plates (PPL Power Plate Loading)
- OCP (Operator Control Panel) console for storage of job parameters
- Automatic sheet size setting
- Automatic brush-type washing device for blanket and impression (option) cylinder works simultaneously
- Automatic inking washing system
- Remote-controlled circumferential, side and diagonal register
- Adjustable gripper bars
- TelePresence for remote diagnostics
- LCS (Low Coverage System) reduces change-over time by fast ink redistribution
